Executive Summary

The Summer of 2012 proved to be a rewarding summer for the Wickham Avenue Alliance (WAA).

The Wickham Avenue Alliance focused on two (2) areas of service delivery:

- 1- Youth Leadership Program
- 2- Community activities/outings

Promoting service learning, the Youth Leadership Program served 20 youth (middle and high school) from the Southeast community. Cumulatively, the youth participants provided 2,430.5 volunteer hours among the five (5) Wickham Avenue Alliance sites. The Youth Leadership Program continued to strengthen the participants' internal and external developmental assets, as evidenced by their evaluation surveys.

A second focus for WAA was providing community activities and outings to youth at no cost. The Wickham Avenue Alliance facilitated 4,669 service contacts with community youth through the various community activities, weekly movie series, and outings (non-fee based programs). The service contacts facilitated during the summer of 2012 were significantly more than the summer of 2008, 2009, 2010, and 2011.

The efforts of the Wickham Avenue Alliance continued to support the “Keeping Our Kids Safe” initiative by providing community youth with opportunities to engage themselves in programs/services which were safe, supervised, educational, and fun.

History of the Wickham Avenue Alliance

The Doris Miller Community Center, C. Waldo Scott Center for H.O.P.E., and Pearl Bailey Library have a long history of working collaboratively to provide programs and services to community youth and families, since 1995. In 2006, the Downing-Gross Cultural Arts Center joined the collaborative effort. Representatives from the organizations along Wickham Avenue decided to meet to discuss how they could strengthen their collaboration, better utilize available resources, and minimize duplication of services. The Newport News Office on Children, Youth, and Families assisted the organizations in conducting several focus groups with youth attending each site (C. Waldo Scott Center, Doris Miller Community Center, Pearl Bailey library, and Downing-Gross Cultural Arts Center). Based on the responses received, the organizations began to plan summer programs (2007). The C. Waldo Scott Center for H.O.P.E., Doris Miller Community Center, Pearl Bailey Library, and Downing-Gross Cultural Arts Center referenced their collaboration as the “Wickham Avenue Alliance”. Each organization maintained its’ own identity and purpose but shared its’ expertise and resources to provide an increased number of youth the opportunity to benefit from programming opportunities. The community youth benefited from a summer experience, which exposed them to multi-discipline opportunities.

The efforts of the Wickham Avenue Alliance support the City of Newport News’ “Keeping Our Kids Safe” initiative, which addresses violence prevention among community youth. As a result of such collaborative efforts, the Wickham Avenue Alliance continued its efforts for the summer of 2008, expanding upon their service delivery efforts, adding a Youth Leadership component.

In planning for the summer of 2009, the Wickham Avenue Alliance added an additional partner, the YWCA Virginia Peninsula. The YWCA has a long history of serving female adults and youth within the Southeast community. Their program focus on leadership and financial management added to the multi-discipline approach of the WAA. Representation from the Workforce Development’s Youth Career Café also enhanced programming offered through the Wickham Avenue Alliance.

Structure of Affiliated Organizations

The focus of the Wickham Avenue Alliance is to provide quality and accessible services to the youth and families of the Southeast Community. As the focal point, the youth and families have the opportunity to receive services from the five sites. The five sites (C. Waldo Scott Center for H.O.P.E., Doris Miller Community Center, Downing-Gross Cultural Arts Center, Pearl Bailey Library, and YWCA Virginia Peninsula) have pledged a commitment to work together (collaboratively) to provide services/programs to our community youth and families.

Youth Leadership Program

The Wickham Avenue Alliance (WAA) facilitated the Youth Leadership Program for a fifth summer. The Youth Leadership Program provided a service learning opportunity for youth, ages 13 -17, who resided in the Southeast community of Newport News, Virginia. Selected youth had the opportunity to assist staff with the facilitation of summer programs and services at one of the five Wickham Avenue sites. The youth were requested to provide a minimum of 12 hours of volunteer service learning assistance per week. As a result of such, the youth received a \$35.00 per week stipend. A maximum of four (4) Youth Leaders were assigned to each participating WAA site. They were provided an opportunity to gain experience and explore careers in cultural arts, education, information services, recreation, sports, and youth development. The Youth Leaders served as positive role models to program participants and were responsible for assisting staff with conducting group activities during an eight week summer program. The program provided participating youth with an experience to develop leadership skills and employment readiness skills. The program also enhanced participants' developmental assets to include:

- Values:
 - Promoting caring for other people;
 - Accepting responsibility for choices/actions
- Social Competence:
 - Decision-making skills
 - Interpersonal competence (making friends with other peers & adults)
 - Resistance skills (negative peer influence)
- Support:
 - Support from other adults (non-parents)
- Positive Identity:
 - Enhance self-esteem (self-image)
 - Develop their sense of purpose
- Empowerment:
 - Youth given useful roles
 - Opportunity to provide community service
- Boundaries & Expectations:
 - Adult role models
 - Positive peer influence
 - High expectations for achievement
- Use of Time:
 - Involvement in creative activities

The program used prevention strategies to increase participants' protective factors (such as their developmental assets) and therefore, reduce risk factors.

The Wickham Avenue Alliance received 42 applications for the Youth Leadership Program for the Summer 2012 program year. Each interested youth was required to complete an application, which requested basic contact information, assessment of their interest, completion of a short written essay as to why they wanted to participate in the program, form for parental/guardian consent to participate, and forms to obtain two (2) written references. Once the applications were completed and submitted, members from the Wickham Avenue Alliance reviewed such and scheduled group interviews. Of such applicants, twenty (20) youth were selected for the program. During the program period, one (1) youth withdrew due to summer school commitments. The Youth Leadership Program had nineteen (19) youth to complete the eight-week program. The following identifies the participating youth leaders and their volunteer site:

Cumulatively, the Youth Leaders provided 2430.5 service learning hours through the five Wickham Avenue sites, benefiting community youth. This exceeded the anticipated 1,632 hours of service learning based on each youth providing at least 12 hours per week.

Youth Leadership Program: Comparative Data for Service Learning Hours				
	Number of Youth Leaders	Expected Number of Service Learning Hours to be Completed	Number of Service Learning Hours Completed	Comments
Summer 2012	19	1824	2431	One (1) youth did not complete the program due to school commitments.
Summer 2011	18	1728	2311	Two (2) youth did not complete the program for various reasons.
Summer 2010	18	1728	2206	Two (2) youth did not complete the program for various reasons.
Summer 2009	19	1824	2600	Reduced the requested number of service hours per week to 12.
Summer 2008	19	1976	2691	Youth Leaders were requested to complete 13-15 service learning hours per week.

The selected youth participated in seven (7) hours of training. The training topics included an orientation of the program, teambuilding, leadership skills, developmental assets, behavior management, work ethic, customer service, and money management. The training sessions were facilitated by representatives from Parks, Recreation and Tourism, C. Waldo Scott Center for H.O.P.E., the Youth Career Café, and Bayport Credit Union.

The Youth Leaders also participated in a mid-program training session, which was facilitated by a representative from Downing-Gross Cultural Arts Center and Exet, Inc. The training provided the youth an opportunity to discuss their experiences at their service learning sites, discussing strengths and challenges. The facilitator used this meeting session to provide participants with solutions to challenges and to reinforce leadership skills presented at the onset of the program. Youth Leaders identified the following as what they have gained/learned through the program as of the midpoint:

- Developed basic job skills & abilities;
- Fostered cooperative relationships;
- Improved leadership skills;
- Act as positive role models for youth and peers; and
- Learned to follow through on tasks.

They identified the following as areas which could improve or change:

- Longer program length (more than 8 weeks);
- An opportunity to work/shadow at other sites

Upon conclusion of the program, on August 9, 2012, the Wickham Avenue Alliance hosted a Recognition Dinner for the Youth Leaders and their guest(s). Former Youth Leader, Clifton Lassiter served as guest speaker for the event as well as Newport News Vice Mayor Bert Bateman. Mr. Lassiter provided a powerful speech which entailed how his experience as a Youth Leader opened doors for other opportunities and allowed him to excel (speech is included in the Appendix).

Community Outings

The Wickham Avenue Alliance proposed to offer community outings to youth who were not registered in a fee-based camp. This would allow community youth to enjoy supervised leisure outings within the City of Newport News. The community outings hosted by the Wickham Avenue Alliance and attendance information is as follows:

Ages 13 – 17 years Ft. Eustis Mini Park (Go Karts, mini golf, batting cages) 25 attendees

Ages 8 – 12 years Children’s Museum of Virginia 3 attendees

The Wickham Avenue Alliance hosted two (2) community outings during the summer of 2012. Due to budget constraints and limited interest, the WAA decided to offer fewer community outings than previous program years. The WAA facilitated 28 service contacts through community outings.

Community Movies:

A new initiative for the summer of 2010 was the implementation of weekly community movies hosted at Downing-Gross Cultural Arts Center. During 2008 and 2009, the WAA would transport youth to a local theatre for weekly viewing. Utilizing Downing-Gross Cultural Arts Center allowed for the reduction in transportation cost, the increase number of youth attendees, and the attendance of community parents with their youth. This proved to be a successful program strategy and in 2012 a second weekly showing was added to accommodate the growing numbers. The movie selection and attendance for 2012 was as follows:

6/19/2012	Puss in Boots	383
6/26/2012	The Smurfs	399
7/3/2012	Kung Fu Panda 2	386
7/10/2012	Spy Kids 4	506
7/17/2012	Cars 2	403
7/24/2012	Zookeeper	331
7/31/2012	Happy Feet 2	400
8/7/2012	The Muppets	305
8/14/2012	Hugo	147
8/21/2012	Dolphin Tale	121
8/28/2012	The Adventures of Tin Tin	65

The Wickham Avenue Alliance facilitated 3,446 contacts with community youth through the weekly movie series.

Budget:

On behalf of the Wickham Avenue Alliance, the C. Waldo Scott Center and Newport News Library Department worked collaboratively to secured grant funding through United Way. Grant funds awarded totaled \$5,925.00. The Wickham Avenue Alliance provided \$15,601.95 in resources (in-kind) to support the Youth Leadership Program and other summer activities and outings.

The revenue, in-kind, and expenses for the WAA Summer 2012 programming is reflected in the chart below:

WAA Accomplishments for summer 2012:

- YWCA participation in the Youth Leadership Program.
- Increased attendance from 2011 for the summer movie series with additional weekly showing.
- 100% of the Youth Leaders expressed that they felt their service learning was making a difference in their community.

Recommendations by Wickham Avenue Alliance for summer 2013:

Based on program surveys completed by participants and parents/guardians and feedback from staff involved in service delivery, the following recommendations were made in consideration for planning summer programs/services for 2013:

- Offer Youth Leaders the opportunity to visit Busch Gardens during the summer of 2013 (contingent upon funding); and
- Allow youth participants the opportunity to observe programming at the various WAA sites.

APPENDIX A: Speech

First of all I count it a great honor and privilege to be here tonight. I'm delighted that I was chosen to be the speaker of the evening among my many peers. When Ms. Tucker of the Pearl Bailey Library, approached me and asked me would I be the speaker I said no without any hesitation.

Prior to this engagement I spent several weeks in the hospital, but I was determined to be here no matter what. The same determination I had to be here is the determination you need to have in your everyday life. It is important that we understand that in the journey of life there are several bumps in the road. However it's up to us as people to overcome any obstacles and keep pushing forward toward our dreams.

Back in the year of 2008 when the Wickham Avenue Alliance (W.A.A.) was first formed I was hired as a mentor. I worked at Doris Miller Community Center as a mentor to the children in the summer camp. Before I started working I attended many lectures and seminars, as training for the job. The information I learned in the lectures and seminars set me up for successes I could have never imagined. I also acquired skills that would be useful through out high school, and even in college. I learned to be responsible in the work place; I also learned the appropriate conduct and dress code for the professional atmosphere. I learned how to manage my time wisely, as it was necessary because I was obligated to submit a time sheet to my supervisor for the designated work site.

When I worked we received a stipend much less than what you receive today; however, the experience I got was worth more than any mount of money. Money is perishable, but I attained life long skills. When I applied to Norfolk State University, I was able to write down the W.A.A as community service. Being a mentor to some of the children inspired me to work harder in my life. Many of the

youth looked up to me as an positive influential role model. I walked a tight rope and made it a necessity to do the right thing no matter who was around me.

Since I've been in college I have been hired by NSU as a peer mentor to incoming freshmen, even though I was a freshman myself.

At this time I would like to applaud all of the mentors in the Youth Leadership Program. I know it's not easy to sacrifice several hours of your summer vacation. Trust me very minute of every day that you dedicated to this program was worth it. I also know all of you are among the elite, because they don't hire anyone to represent the East End Community.

Before I depart I'd like to leave you with a quote from Aristotle. "We are what we repeatedly do, Excellence then is not an act but a habit".

-Thank you God Bless you.

**Speech presented by Clifton Lassiter, former Youth Leadership Program participant, during the Wickham Avenue Alliance Youth Leadership Program banquet on August 9, 2012.*

12. Suggestions for improvement

- For game and areas to become more fun and enjoying also for us to travel more
- I just wish I worked with kids
- At YWCA they need to have more children to work with.
- More outgoing activities as a whole
- I need to learn better responsibility and taking this more serious.
- Keep doing the same thing because it is good to the community and we should to go like the YWCA and see what the young people are doing

- I think that all of the bad kids should not come to some of the trips that we go on and they will get tired of staying back and would get their acts together

- To have some of the staff members attitudes change towards the kids even though they are bad

- Letting the youth come out of dress code every once in a while
- Trying to make new games for the children at Doris Miller
- Go around to other sites to see what our peers are doing
- Better lunch – I love chicken
- More things to do, to have fun while working, better lunches.
